

Fast, Easy, Affordable, Reliable

There's never been a better time than now to discover how our high-speed connectivity can benefit you at home and the office

WE CONNECT

- FIBER TO FIBER
- FIBER TO ETHERNET
- ETHERNET TO ETHERNET

High Speed Data

SERVICE OVERVIEW

Ibon is the first in Maldives to provide fiber connectivity to enterprises and homes. We are at 150 meters close to your office making easy, affordable and reliable to get connected. Day by day we are closing the gap to reach the homes to light the last mile. Hence making most reliable cost effective solutions like VPN, Ethernet and data access solutions over HFC network.

REDUNDANCY

We can help you make your intranet communications more reliable by providing you with unique redundancy and fail-over capabilities. Redundant connections improve your network's stability for users on the inside and for customers on the outside

MISSION STATEMENT

Ibon is pledge to provide cost-effective solutions of the highest quality and reliability and to surpass our customer's expectation
